

A photograph of a small, vibrant green plant with several leaves growing out of a deep crack in a light-colored concrete surface. The plant is positioned on the left side of the frame, and its shadow is cast onto the concrete to the right. The background is a textured concrete surface with some minor staining and a diagonal line of grooves.

## *HOPE: Helping Other People Everywhere - WMUV 2010 Regional Training Events*

### **HOPE Events 2010**

Are you wanting to make a difference in your community and not sure how? Are you a mission leader in your church? Do you need some fresh ideas for your ministry? HOPE is on the way!

WMUV HOPE events are being held regionally across Virginia in 2010. These mission training events are designed to engage local church members and leaders in reaching out to your community and develop mission leaders.

Friday night sessions are for new and returning age-level mission leaders and associational leadership teams led by the WMUV & VBMB staff.

Saturday sessions are for anyone interested in beginning, expanding or refreshing a mission/ministry that will meet the needs of people in your community.

*"...and a better hope is introduced, by which we draw near to God." Hebrews 7:19*
